BASHIR ZAHEDI

I was born in Sari. I moved to Tehran to study architecture. after few years of research and work in the field of architecture and graphic, and attended to my history I decide to establish type of architecture that mixed with environment graphics and included sustainable organic materials and ideas. No matter what is the output form, The important point is to create a good space for humanity.

EXPERIENCE

3D MODELER

Mehrazan Architects
Tehran

As my first job experience I went to Mehrazan office for architecture and urban design, leded by Behrooz Pakdaman. This part time job taught me many things about urban design and design proccess. We planed the new city of Golbahar from the idea to structures and details there.

ASSIST ARCHITECT

Shahidi Partners
Tehran

Working with Mr. Shahidi mostly teachd me how to produce and manage my design. I learned specifics about structures and materials, standars and normals.

INTERIOR DESIGNER

Samir Design co.
Tehran

When Samir Design Group offered me to cooperate, I had doubt to agree. But after a year of working I figured out interior design is not just changing colors and furnitures. Its more than that.

3D ARTIST

P.A.M Office
SARI

In this part of my life I decided to to live In Sari for a while, and PAM was one of few architecture offices there. Although the firm were not in my taste of architecture , I tried to alter their trend to a better approach.

EDUCATION

B. ARCHITECTURE

B.I.H.E

There are lots of limitation for education there, but we achieved the ability to develop ourselves in the way of art and architecture
